"The Dream Team has been working with Oculus Inc. since 2013. They have been important team member, contributing to our success as we continue to grow in Kansas City and its surrounding areas. Our projects were completed in a timely manner at a very reasonable cost. Oculus is a valuable asset as they are there to solve problems & answer questions when they come about. We strongly recommend Oculus to other Franchisees."

Jamie S. Poulsen
President, CEO | Dream Team Pizza

"I have multiple locations with different project types including remodel, new and freestanding locations. Oculus is our architect. They are flexible and a team player. They work well with my contractor. Oculus is always there to help provide us with a project plan that works with our business plan & local municipality. Oculus is sensitive to keeping cost down and schedule moving forward."

Emily Elwell
President | D&E Pizza, LLC

"I can not say enough good things about Oculus. They are organized, professional and willing to take on any project we toss their way on a corporate side. But the best part is how well they work with franchise partners, build relationships and really take care of them. That is something you don't see everyday."

Katria Montepare
Director of Design & Construction | Focus Brands

"It is a pleasure working with Oculus. They have provided us with helpful tools in the past such as a written narrative on make-up air to help our Franchisees better understand the whys on mechanical systems."

June Espinosa
National Director of Construction Domino's

"Mark of Excellence has been hiring Oculus Inc. since 2014. We have established a strong relationship with our architect as we have completed many successful projects with them over the past few years. They provide high level renderings on new out of ground projects as well as reply to our calls promptly. We recommend Oculus Inc. to other Franchisees as well as to local Fort Worth/ Dallas area Real Estate Developers."

Bradley Mayhall
Project Manager | Mark of Excellence (Fort Worth, TX)
